Farewell TE Mobile App!

With the launch of TE's new website later this month, the TE mobile app, which directly connects to the existing (soon-to-be old website), will be disabled. A message will notify those who had previously downloaded the app that they should instead log into their **TE EZ-Application** account to check the status of their applications.

If any of your internal instructions to your faculty/staff mention the TE mobile app, please

TELO Tip of the Month

Did You Know...

That once you have *Export Approved* an application as the Export TELO, assuming that application remains active and you have not closed it, if that student reapplies as a transfer student, even if it's for a new application year, you will **not** see that new application under your Export apps, nor will you be required to *Export Approve* the student again. The "Export Approval" is global and extends to future applications the student submits UNTIL you indicate they are not eligible on the existing/original active Export application.

Join Us for TELO Tuesdays@2:00!

Need an introduction to or just a refresher on the new TELO system, have a specific TE question/situation, or are you just interested in learning more tips like the one above? Join us any second Tuesday of each month in 2025 for a **TELO Tuesdays at 2:00** session. **Register Today!**

TELOs Are Making Dreams Come True!

TE Central received over 100 *TE Happy Ending* submissions from families at our member campuses, along with many photos, as well as a few dozen *TE Parent Tips* from parents to hi-lite in our upcoming *Top 10 TE Tips for Parents* webinar on May 19th. The stories and pictures are so amazing and we hope you keep an eye out for these happy ending stories in our TE communications since you, as a TELO, are making families' dreams come true each day! Here's just a few examples to share:

"I have five amazing children who have all been able to be a part of this amazing program. My husband and I praise and give thanks every day for this opportunity. As parents, we are beyond proud and grateful."

--

"The Tuition Exchange scholarship program reinforced to our son that all his hard work in high school paid off. He had 3 incredible options and ultimately landed in one of the nation's leading programs for his area of study. It would not have been possible without TE and he is making the most of this amazing opportunity!"

--

"The TE process was smooth and effortless and, like all others, we are thrilled that our daughter will graduate without any college debt - either for her or for us!"

--

"I have twins that were both awarded the Tuition Exchange scholarship for their top schools where they are both currently Juniors. The tuition exchange process was relatively easy to navigate, and the staff that I have interacted with have been extremely helpful and available. As a single mother, this program has been life altering for me and my twins. There is no better gift than that of education, and I feel genuinely honored to have been provided this truly amazing benefit from working for a university within the TE program. Thank you!"
