#### Sailing Into the Sunset...

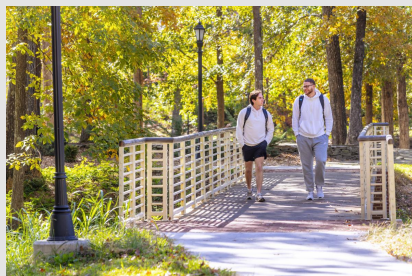

The time has come for the 2024-2025 TE EZ-Application to sail away! The 2024-2025 application will close out June 30, 2025. After that date, students will not be able to complete the TE EZ-Application for that year.

Additionally, **all 2024-2025 applications that are NOT in an Enrolled status (note-apps in LOA status are exempt) will automatically close out on June 30, 2025 in the system.** Please review all of your Import records for 2024-2025 to ensure they were either Enrolled or updated accordingly to the correct Import status before June 30, 2025!

## Did You Know...

The "eligibility increment" process ran in the TELO system on 5/31/25 to update the *Eligibility Remaining* field for students that were "Enrolled" by their Import schools for the 2024-2025 year? This internal system process reduced the *Eligibility Remaining* field by one for those students who utilized TE during the spring 2025 semester.

The "eligibility increment" process runs on:

- 12/31: Fall Term
- 3/15 (quarter/trimester schools only)
- 5/31: Spring Term
- 8/15: Summer Term

It's a good idea to review your Imports before the process runs each semester as the application for any student with one (or fewer) semesters of *Eligibility Remaining* will be automatically closed out in the system when it does run. If the student will continue to be enrolled, it is best to click the "EXTEND ELIGIBILITY" button on the Import application to add one semester of *Eligibility Remaining* to the student's application beforehand as, once the application closes out, this will not be an option and the student will be required to complete a new TE EZ-Application.

Thank you in advance for promoting these webinars with your faculty and staff. Hopefully the more that attend, the fewer TE questions you will receive!

## To Apply or Not to Apply...That's the Question...

Just a friendly reminder that continuing TE scholars that are enrolled at an Import school and are currently receiving TE do NOT need to complete a new TE-EZ Application in future years unless:

- 1) They decide to transfer or
- 2) Their parent separates from employment at the original Export school and accepts a position at another TE member school where they/their dependent are TE eligible.

## Old Habits Die Hard....Recertification Redacted!

Just a friendly reminder, with the transition to the new TELO system last summer, annual recertification of continuing TE students was eliminated. Schools only need to review their Exports to ensure they remain eligible according to their school's TE certification guidelines. They should also review their Continuing Imports each semester to ensure they remain enrolled, updating the Import status for any that will not be enrolled accordingly. These "enrollment reviews" should be completed each semester, by September 30th for the fall and by January 30th for the spring semester.
