An App Whose time Has Come...

The time has come for the 2025-2026 TE EZ-Application to bid farewell! The **2025-2026 TE application will close out June 30, 2026**. After that date, students will not be able to complete the 2025-2026 TE EZ-Application any longer.

Additionally, all 2025-2026 applications that are **NOT** in an *Enrolled* Import status (note-apps in LOA status are exempt) will automatically close out on June 30, 2026 in the system. **Please review all of your Import records for 2025-2026 to ensure they were either *Enrolled* or updated accordingly to the correct Import status before June 30, 2026!**

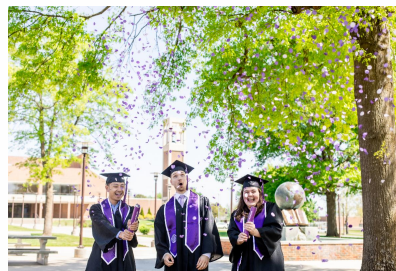

TELO Tip of the Month

Did You Know...

That the TELO system is intuitive and, based on the Export school (parent employer) selected from the drop-down on the TE EZ-Application, the corresponding list of Import schools the student can select from will reflect the exchanges that the Export school participates in? For example, if the Export employee works at a school that participates in both The Tuition Exchange and the CIC-TEP, the Import school list the student can select from will reflect schools participating in both exchanges! Side note - All CIC-TEP member institutions also participate in The Tuition Exchange program, with the exception of 60 schools that only participate in CIC-TEP.
